RED STAR FALLING

Hell, why do you care what those Goddamn Russians think? We are going to have to fight them sooner or later, within the next generation. Why not do it now while our Army is intact and the damn Russians can have their hind end kicked back into Russia in three months? We can do it ourselves easily with the help of the German troops we have if we just arm them and take them with us; they hate the bastards.

Gen. George S. Patton

Red Star Falling gives players the chance to make Patton's dream and every wargamer's fantasy come alive. In March, 1945, the Western Allies and the defeated German Wehrmacht challenge the Russians for control of Central and Eastern Europe. **Red Star Falling** is a corps level game with these components:

- 144 Unit Counters
- 17 x 22 Full Color Map
- 12 Page Rulebook
- A Six Sided Die
- A Game Chart

Red Star Falling is of moderate complexity, but can be enjoyed by all gamers.
